Detailed Description of Work

Town Official shall inspect location before work is started:
See items 1-7 regarding installation.

1. Proper barricades, signs, flags and lights shall be provided and maintained at all locations where construction and maintenance work interferes with normal traffic use of the highway.
2. The applicant, his successors or assigns, agrees to hold harmless the Town of Greenwood and it's duly appointed agents and employees against any action for personal injury or property damage sustained by reason or exercise of this permit.
3. The proposed construction and the exercise of this permit shall conform to the requirements of the Wisconsin statues as provided by Section 86.07 '2' and to any regulations imposed by any legally constituted body having jurisdiction.
4. The entire cost of constructing, maintaining, removing, altering, or replacing the facility installed under this permit shall be the sole responsibility of the applicant, his successors or assigns.
5. The roadway shall be kept open for traffic and the indicated number of lanes shall be provided. There shall be no interference with traffic due to the placing of excavated material or machinery on the lanes kept open for traffic.
6. All damages to the highway shall be repaired, and the roadway surface, shoulders, slopes, ditches, etc., shall be restored to a condition acceptable to the commissioner at the sole cost and expenses of the applicant.
7. A _____ inch diameter culver pipe _____ feet in length shall be installed under the driveway to provide proper drainage along the highway. At a distance of _____ feet from the edge of the road surface. The finished grade of driveway shall be at least _____ inches below the grade of the edge of the adjacent highway.
